

A view to die for

Just imagine what life in this magnificent house would be like: Waking up to the sun glistening on the water; sipping coffee on the enclosed porch while listening to the sound of the water lapping against the shore; setting off in your boat from your private pier; even taking an occasional dip in the blue waters of 240-acre Lake Holiday. This 2-year-old, low-maintenance house is in luxurious Lake Shore Acres and sits on one of the best waterfront lots in Lake Holiday, a gated community near Winchester. It has 3 bedrooms, an eat-in kitchen & a great room with stone, gas-log fireplace and a bay window facing the lake. It also features a screened porch, 2-level Trex deck that leads to the pier, and a full basement just ready for finishing that opens to a rear deck and has a rough-in for a third bath. Lots near this house just sold for \$190,000 and \$215,000. It's easy to see why.
